Ode Latina

Inhospitas per alpes,
Per horridos recessus,
Merenti pede fessus,
Evagabor.

Feras ibi as pecabor,
Movebo aves volantis,
Sylve frondicomantis,
Ad cacumen.

Volens pericla adibo,
Ulyxis Herculisque,
Nam mors grata levisque,
Et apta victo.

Adeste derelicto,
Lupa, Ursa, Linx, Leena,
Alce, Tygris, Hiena,
Dorcas, Hystrix.

Celen, Aello,¹ acutas,
Pedis rapatoris,
Iras ferte et odoris,
Huc mephytim.

At at magis remote,
Plage ocyus petende,
Trans te, Phasi, tremende,
Et arva Rheni.
